

FILMG CONSENT FORM – Photography, Video & Broadcast

For use of images of Young People in our work & publicity

FilmG recognises the need to ensure the safety and wellbeing of children and young people.

FilmG is an exciting project that encourages young Gaelic speakers to engage with the language and we like to promote the films and the positive stories relating to the project online as well as in traditional newspaper coverage.

There will be a lot of promotion when the films go online, when shortlists are released, and when the winners are announced. Our coverage of the project will be in-keeping with the fun and vibrant brand and we will always seek to promote the positive aspects of the competition.

We cannot permit photographs, video or other images of children and young people to be taken, nor published without the consent of parents/legal guardians and/or the young people therefore we ask that you return this form to your child's school before they make their film.

If you have any questions about our Photo and Video Policy, or if you would like your child to take part in the filming process, but do not wish their image to be featured in the public domain, they can perhaps have a behind the scenes role. You can come to an arrangement with the teacher regarding this.

We can be reached via phone or email if you have any questions: 01471 888 505/508 or fios@filma.co.uk

Young Person's information

Name:

Age:

School:

My child and I are happy for my child's image to appear in FilmG promotion. I can confirm that we have read, or been made aware of, the organisation's **photography and video policy**. I can confirm that we have read or been made aware of how the organisation will use these images or videos.

My child and I consent to their image being featured in the **BBC ALBA awards highlights broadcast** should their film be shortlisted, as well as on the **awards livestream**. Should my child then be selected to attend the awards ceremony, and should they win, we are happy for their contribution the night to feature in the highlights programme and livestream.

My child and I understand that we can ask FilmG to stop using my child's images at any time, in which case they will not be used in future publications but may continue to appear in publications already in circulation.
